

Community Information Integration (CII)

How to Send Consults to Netcare Accuro EMR

November 2021

Four simple steps to participate in CII:

1. Learn about [CII and readiness requirements](#)
2. Learn how CII works with your EMR (these slides):
 - How to send consults
 - Learn about the Community Encounter Digest (optional)
3. Submit CII [Confirmation of Participation form](#)
4. CII on-boarding and go-live with AH eHealth support services

See [link](#)

See [link](#)

eHSS will be in touch with you after you submit CII COP form

Total time to go live on CII: 3 weeks to 3 months

Our team is here to help you!

Sending Consult Reports to Netcare

Once configuration steps have been completed and the clinic is enabled:

1. Create your consult report as normal including attachments as appropriate.
2. If you want the consult report to be sent to Alberta Netcare, select **“Consult Report”** from the **“Title”** drop-down menu.
3. Click **“Send Letter”** or **“Print”**. The report is sent as a PDF consult report, with associated attachments, to Alberta Netcare that evening.

Sending Consult Reports to Netcare

Annotations: A yellow circle with the number '2' is placed above the 'Title' dropdown menu. A yellow circle with the number '3' is placed above the date and time dropdown menu. Red rectangles highlight the 'Title' dropdown menu and the 'Send Letter' and 'Print' buttons.

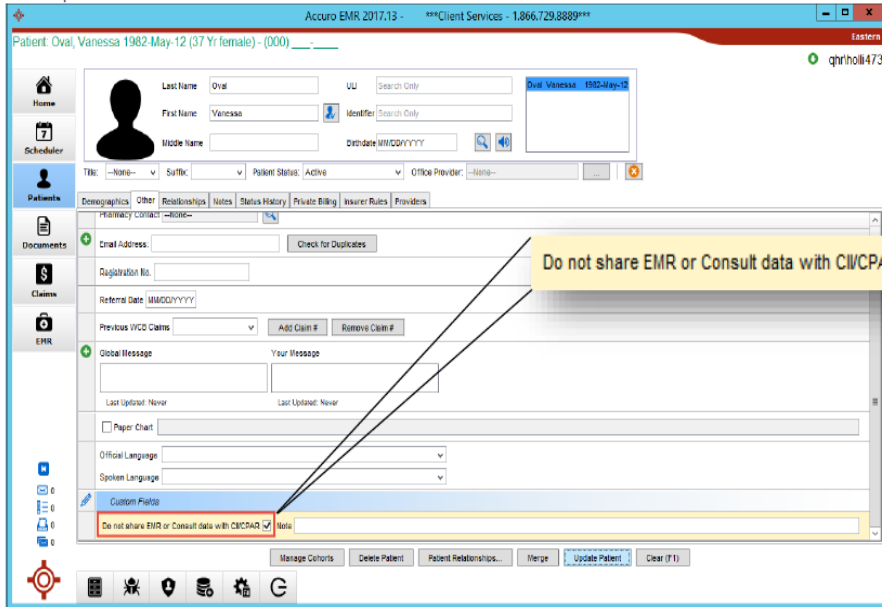

Keeping Consult Reports Confidential- 3 options

There are 3 options to prevent selected health information from being sent to Alberta Netcare/CII by making patient data private or confidential.

1. Patient-no data will be shared
2. Appointment-no data from the selected visit will be shared
3. Consult report-the consult report will not be shared

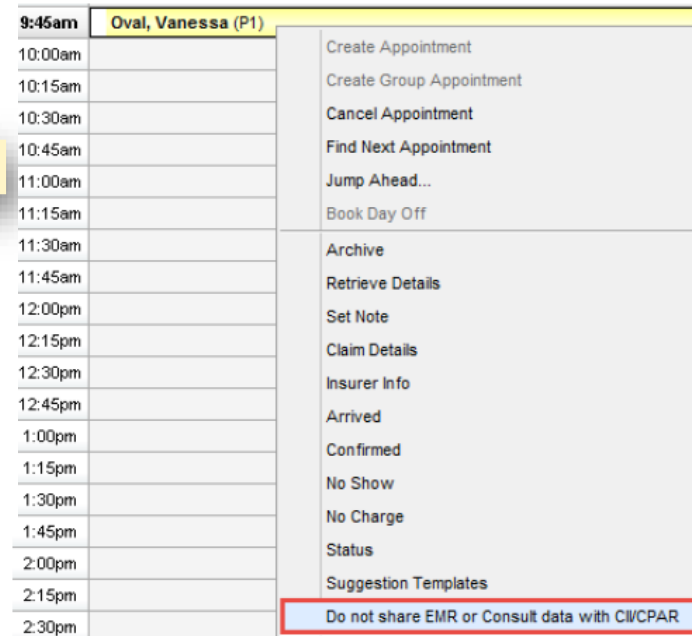

Keeping Consult Reports Confidential-3 options

Option 1-Patient level (ever)

Data will NOT be shared for the patient

Option 2-Single appointment

Data will NOT be shared for the appointment

3. Option 3-Consult reports

Consult report is NOT shared
